NAME, FORMATION AND HISTORY OF THE FUNDS

The Educators Financial Group Inc. no-load mutual funds consist of the Educators Balanced Fund (the “Balanced Fund”), the Educators Bond Fund (the “Bond Fund”), the Educators Dividend Fund (the “Dividend Fund”), the Educators Growth Fund (the “Growth Fund”), the Educators Money Market Fund (the “Money Market Fund”), Educators Monthly Income Fund (the “Monthly Income Fund”), the Educators Mortgage & Income Fund (the “Mortgage & Income Fund”), the Educators U.S. Equity Fund (the “U.S. Equity Fund”), the Educators Monitored Aggressive Portfolio (the “Aggressive Portfolio”), the Educators Monitored Balanced Portfolio (“Balanced Portfolio”), the Educators Monitored Conservative Portfolio (“Conservative Portfolio”) and the Educators Monitored Growth Portfolio (“Growth Portfolio”).

This annual information form relates to the Aggressive Portfolio, Balanced Portfolio, Conservative Portfolio and Growth Portfolio (collectively, the “Funds” and individually, a “Fund”). The Funds were created through an amended and restated combined declaration of trust made by Educators Financial Group as manager and trustee dated January 2, 2018 (the “Combined Amended and Restated Declaration of Trust”).

Educators Financial Group is a wholly-owned subsidiary of the Ontario Secondary School Teachers Federation (“O.S.S.T.F.”). The address of Educators Financial Group and of the principal office of each Fund is located at 2225 Sheppard Ave. East, Suite 1105, Toronto, Ontario M2J 5C2.

INVESTMENT RESTRICTIONS

Educators Financial Group manages each of the Funds in accordance with the standard restrictions and practices imposed by Canadian securities legislation, including National Instrument 81-102 *Investment Funds* of the Canadian securities administrators (“NI 81-102”). These standard restrictions and practices, which are incorporated into this annual information form by reference, have been designed in part to ensure that the Funds’ investments are diversified and relatively liquid, and to ensure the proper administration of the Funds.

Each of the Funds is also prohibited from making or retaining any investment which would result in the units of a Fund not being qualified investments for a trust governed by a registered retirement savings plan (includes locked-in plans), registered retirement income fund (includes locked-in plans), registered education savings plan or a tax-free savings account (“Registered Plans”) under the *Income Tax Act* (Canada) and the regulations thereunder (the “Tax Act”) or which would render a Fund subject to tax under Part X.2 of the Tax Act.

Any change to the fundamental investment objectives of a Fund requires unitholder approval given at a meeting of the unitholders of the Fund called to consider such change.

DESCRIPTION OF UNITS

Each Fund currently offers two classes of units: Class A units and Class I units. Units are purchased and redeemed through Educators Financial Group and are offered to qualified investors only in the provinces of Ontario and British Columbia.

Class A units are the regular retail class of units available to all eligible purchasers. Class I units are identical in all respects to the Class A units, except that there is no management fee payable by the Funds in respect of the Class I units, although the Class I units are responsible for paying all expenses of their operation. Class I units of a Fund may be purchased by such institutional investors as the Manager may determine from time to time in its discretion. As the Manager does not intend to charge a management fee to investors in Class I units, such institutional investors must be persons or companies whose relationship to Class A unit investors or to the Manager is such that it is appropriate for them to be permitted to invest in a Fund on a non-management fee basis. Such investors could include pension funds serving the education community or associated with the Manager. Individual investors may not purchase Class I units.

All units have equal rights and privileges. Each unit of a class entitles the holder to an equal allocation of income and capital gains, to an equal distribution of the net asset value per unit upon a redemption of the unit and, upon termination of a Fund, to an equal allocation of the net assets distributable to all unitholders after paying or providing for all obligations and liabilities of the Fund, in each case attributable to that class. Each unit also entitles the holder to one vote at any meeting of unitholders of the Fund.

A meeting of the unitholders of a Fund must be convened to consider and approve any matter as required by Canadian securities laws. These matters are set out in NI 81-102 and currently include:

- (a) the basis of the calculation of the fees or other expenses that are charged to the Fund or directly to unitholders by the Fund or the Manager in connection with the holding of units of the Fund is changed in a way that could result in an increase in charges to the Fund or unitholders (other than an increase in the management fees or expenses for which unitholders received at least 60 days prior notice);
- (b) a fee or expense to be charged to the Fund or its unitholders in connection with the holding of units of the Fund, that could result in an increase in charges to the Fund or unitholders, is introduced (other than a fee or expense for which unitholders received at least 60 days prior notice);
- (c) a change of the manager of the Fund (other than to an affiliate of the present Manager);
- (d) any change in the fundamental investment objectives of the Fund;
- (e) any decrease in the frequency of calculating the net asset value of the Fund;
- (f) certain mergers or reorganization involving the Fund, as specified in NI 81-102; and
- (g) any restructuring of the Fund into a non-redeemable investment fund or into an issuer that is not an investment fund.

A Fund may not bear any of the costs of a meeting held to approve a restructuring referred to in paragraph (g) above.

VALUATION OF PORTFOLIO SECURITIES

Purchases are made, distributions reinvested, and switches and redemptions are implemented for all Funds on the basis of the net asset value per unit applicable to the transaction, which are then reflected in the next calculation of the net asset value. The net asset value per unit of a particular class of a particular Fund is calculated by dividing the value of net assets of the Fund (that is, the value of the Fund's assets less the Fund's liabilities) attributable to the relevant class of units by the total number of units of that class of the Fund then outstanding.

The net asset value per unit of each of the Funds is determined as of the close of trading on each day the Toronto Stock Exchange is open for business. The days on which the net asset value per unit of a Fund is calculated are known as "Valuation Dates". The daily net asset value per unit of each Fund is available on the Manager's website at www.educatorsfinancialgroup.ca.

The net asset value of the Funds at a particular time shall be calculated by RBC Investor Services Trust ("RBC") in the manner described below, pursuant to an Amended Fund Valuation Services Agreement dated as of August 15, 2014 and applicable to the Funds from their inception (the "Fund Valuation Services Agreement").

Valuation Principles

The assets of a Fund shall be deemed to include all cash on hand or on deposit, including any interest accrued thereon, adjusted for accruals derived from trades executed, but not yet settled; all bills, notes and accounts receivable; all bonds, debentures, shares, subscription rights, mortgages and other securities owned by, or contracted for the Fund; all shares, rights and cash dividends and cash distributions to be received by the Fund and not yet received by it when the net asset value is being determined so long as, in the case of cash dividends and cash distributions, to be received by the Fund and not yet received by it when the net asset value is being determined, the shares are trading ex-dividend; all interest accrued on any interest-bearing securities owned by the Fund other than interest, the payment of which is in default; and prepaid expenses.

The value of the assets of the Funds for the purpose of determining the purchase price and redemption price of the Fund's units is determined by RBC in its discretion, subject to the following:

1. the value of any cash on hand, on deposit or on call, prepaid expenses, cash dividends declared and interest accrued and not yet received, shall be deemed to be the face amount thereof, unless RBC determines that any such deposit or call loan is not worth the face amount thereof, in which event the value thereof shall be deemed to be such value as RBC determines to be the reasonable value thereof;
2. the value of any bonds, debentures, and other debt obligations, excluding mortgages, shall be valued by taking the average of the bid and ask prices on a Valuation Date at such times as RBC, in its discretion, deems appropriate. Short-term investments including notes and money market instruments shall be valued at cost plus accrued interest;
3. the value of any mortgages shall be the fair value determined by the Manager and provided to RBC as required in accordance with the Fund Valuation Services Agreement;

4. the value of any security, index futures or index options thereon which is listed on any recognized exchange shall be determined by the closing sale price at the close of business on the Valuation Date or, if there is no closing sale price, the average between the closing bid and the closing asked price on the Valuation Date, all as reported by any report in common use or authorized as official by a recognized stock exchange; provided that if such stock exchange is not open for trading on that date, then on the last previous date on which such stock exchange was open for trading;
5. the value of any security of another investment fund shall be its most recently calculated daily net asset value as calculated by or under the authority of its manager;
6. the value of any other security or other asset for which a market quotation is not readily available shall be its fair market value as determined by RBC;
7. the value of any security, the resale of which is restricted or limited, shall be the lesser of the value thereof based on reported quotations in common use and that percentage of the market value of securities of the same class, the trading of which is not restricted or limited by reason of any representation, undertaking or agreement or by law, equal to the percentage that a Fund's acquisition cost was of the market value of such securities at the time of acquisition; provided that a gradual taking into account of the actual value of the securities may be made where the date on which the restriction will be lifted is known;
8. purchased or written clearing corporation options, options on futures, over-the-counter options, debt-like securities and listed warrants shall be valued at the current market value thereof;
9. where a covered clearing corporation option, option on futures or over-the-counter option is written, the premium received by a Fund shall be reflected as a deferred credit which shall be valued at an amount equal to the current market value of the clearing corporation option, option on futures or over-the-counter option that would have the effect of closing the position. Any difference resulting from revaluation of such options shall be treated as an unrealized gain or loss on investment. The deferred credit shall be deducted in arriving at the net asset value of a Fund or the net asset value of a class of units. The securities, if any, which are the subject of a written clearing corporation option, or over-the-counter option shall be valued at their then current market value;
10. the value of a futures contract, or a forward contract, shall be the gain or loss with respect thereto that would be realized if, at the close of business on the Valuation Date, the position in the futures contract, or the forward contract, as the case may be, were to be closed out unless daily limits are in effect in which case fair value shall be based on the current market value of the underlying interest;
11. margin paid or deposited in respect of futures contracts and forward contracts shall be reflected as an account receivable and margin consisting of assets other than cash shall be noted as held as margin;
12. all Fund property valued in a foreign currency and all liabilities and obligations of a Fund payable by a Fund in foreign currency shall be converted into Canadian funds by applying the rate of

exchange obtained from the best available sources to RBC, including, but not limited to, RBC or any of its affiliates;

13. all expenses or liabilities, including fees payable to the Manager, shall be calculated on an accrual basis, on direction by the Manager to RBC; and
14. for the purpose of calculating the net asset value per unit, the liabilities of units of a Fund shall comprise the liabilities of that Fund.

The value of all other assets is their fair value as determined by the Manager in consultation with RBC. Nevertheless, if a competent regulatory authority, having jurisdiction over the distribution of the units of a Fund in any jurisdiction in which such distribution may from time to time take place, requires the adoption by the Fund of some other method of valuation of the assets of the Fund or any part thereof, such method shall be adopted with effect as at the date as of which such requirement became applicable to the Fund; and in the event of any real or apparent conflict between the requirements of two or more such authorities, the Manager shall determine which method shall be adopted.

Each Fund is required under National Instrument 81-106 *Investment Fund Continuous Disclosure* of the Canadian securities administrators to calculate its net asset value using “fair value”. The Manager believes that the valuation principles set forth above will result in a calculation of the fair value for the assets of the Funds.

Units of a Fund issued and sold on any Valuation Date shall be deemed to be outstanding immediately after the close of business on such Valuation Date, while units of the Fund redeemed on any Valuation Date shall be deemed to be redeemed immediately after the close of business on such Valuation Date. Portfolio purchases or sales are reflected, following confirmation of the net settlement amount of the transaction, in the calculation of net asset value on the next Valuation Date.

PURCHASES AND SWITCHES OF FUND UNITS

Units of the Funds are offered for sale only in the Provinces of Ontario and British Columbia to eligible purchasers, who must be members of the education community in those provinces, meaning teachers and non-teaching administration personnel and staff employed by a Board of Education and their immediate family members in Ontario or British Columbia. Units of the Funds may only be purchased from Educators Financial Group. Units of the Funds may either be purchased directly or be held by Registered Plans of eligible investors.

Units of the Funds must be purchased in Canadian dollars and are redeemed in Canadian dollars.

Educators Financial Group may reject your purchase order within two business days of receiving it, but only if it believes this to be in the best interests of the Fund. Any monies sent with a purchase order will be returned immediately, without interest. Also, Educators Financial Group may not be able to process purchase, switch or redemption orders if market trading is suspended.

There are no acquisition charges applicable on purchases of units of the Funds or on the automatic reinvestment of distributions.

You should contact Educators Financial Group in person or by telephone to request appropriate documentation or print an appropriate application form or transaction request form from our website; complete the application form or transaction request form; and mail the completed form to Educators Financial Group promptly with a cheque payable to Educators Financial Group Inc.

Once your account is opened, you may call your financial adviser or other licensed representative to purchase, switch or redeem units, open a pre-authorized contribution plan (a “PAC”) or a systematic withdrawal program (a “SWP”) or undertake other transactions (including transactions in third party funds), or meet with him or her in person. For trades made by telephone, signatures are not required. It is our policy that email trading instructions are not generally permitted, unless they are signed by you and we have agreed in advance to proceed on the basis of an email, and we have then acknowledged to you the receipt of the same.

If we receive a buy, switch or redemption order before 3:00 p.m. (Eastern Time) on a Valuation Date, the order will be processed at the net asset value determined on that day. Otherwise, we will process your order at the net asset value on the first Valuation Date following the date by which the request was received. Unless you are purchasing through a PAC, the minimum initial purchase order for any Fund is \$500, regardless of whether you already have invested in another Fund or not. With a PAC, the minimum investment that can be made in a Fund on any investment date is \$25.

The Manager reserves the right to accept or reject orders, provided that any decision to reject an order must be made promptly and, in any event, within two days of receipt of the order, and any monies received with a rejected order must be refunded immediately.

Pursuant to the provisions of NI 81-102, the payment of all subscriptions for units of a Fund must be received at the principal office of the Manager on or before the second business day from, but not including, the Valuation Date as of which the net asset value per unit was calculated for the purpose of issuing units pursuant to the subscription. Where payment for an order is not so received, the Fund shall be deemed to have received and accepted an order for the redemption of such units on the first business day following such period. The redemption proceeds shall be applied to reduce the amount owing to that Fund in respect of the purchase of such units.

If the amount of such redemption proceeds exceeds the subscription price of such units, the Fund is permitted to retain such excess. If the amount of the redemption proceeds is less than the subscription price, then the Manager as the principal distributor of units of the Fund is required to pay to the Fund the amount of any such deficiency.

Switches

Unitholders may switch units of one Fund for units of another Fund without transfer or sales charges. A switch is the transfer of your investment money from one Fund to another. No switches will be permitted during any period when redemption of units has been suspended. To effect a switch a unitholder must redeem the appropriate number of units of the one Fund following the procedure set out below under “*Redemption of Fund Units*” and direct the Manager to apply the proceeds representing the aggregate redemption price to the purchase of units in the other Fund.

The redemption of units pursuant to the exercise of this transfer privilege will be a disposition for tax purposes and may cause a unitholder to realize a capital gain or loss. See *“Income Tax Considerations – Taxation of Individual Unitholders Resident in Canada”*.

Periodic Purchase Plans

Unitholders have the option to accumulate units on a regular basis – either weekly, bi-weekly, monthly, quarterly, semi-annually or annually – at the net asset value per unit on the date of acquisition by making use of the Funds’ PAC. By completing the appropriate authorization form, which can be obtained from Educators Financial Group or from our website, unitholders will authorize the deduction of a specified amount from their bank account for the regular purchase of units of a Fund. Unitholders using this option may terminate it at any time upon written notice to Educators Financial Group.

Registered Plans

Each of the Funds is expected to qualify as a “mutual fund trust” for purposes of the Tax Act at all relevant times with effect from the inception of the Fund. Provided each Fund qualifies and continues at all relevant times to qualify as a mutual fund trust for purposes of the Tax Act, units of all of the Funds will be qualified investments under the Tax Act for Registered Plans. Net realized capital gains and net income distributed in respect of units held by such plans and capital gains realized on the disposition of units held by such plans will not be subject to tax in such plans but will generally be subject to tax when taken out of a Registered Plan (other than a tax-free savings account). See *“Income Tax Considerations – Units Held by Registered Plans”*.

REDEMPTION OF FUND UNITS

A unitholder may, by an order to redeem units to the Manager of the Fund received by the Manager prior to 3:00 p.m. (Toronto time) on a Valuation Date, request that all, or any part, of the units be redeemed at the net asset value per unit of such units on the Valuation Date. Payment for units redeemed by the Funds will normally be made on or before the second business day following the Valuation Date. No interest will be paid in respect of a redemption payment.

You may call your financial adviser or other licensed representative to redeem units, or meet with him or her in person. For trades made by telephone, signatures are not required. It is our policy that email trading instructions are not generally permitted, unless they are signed by you and we have agreed in advance to proceed on the basis of an email, and we have then acknowledged to you the receipt of the same. If certificates representing the units to be redeemed have been issued, the application for redemption must be accompanied by such certificates.

No redemption fee will be charged, with the exception of an Account Transfer Fee of \$150 plus any applicable taxes, to any unitholder who transfers his or her account to another financial institution, but if the units tendered for redemption have been purchased within the preceding 90 days, the units will be redeemed at their net asset value less 1%.

Suspension of Redemption of Units

A Fund is permitted by the provisions of NI 81-102 to suspend the redemption of its units for any period when normal trading is suspended on any stock exchange, options exchange or futures exchange within or

outside of Canada on which securities are listed and posted for trading, or on which derivatives are traded, if those securities or derivatives represent more than 50% by value, or underlying market exposure, of the total assets of the Fund, without allowance for liabilities, and if those securities or derivatives are not traded on any other exchange that represents a reasonably practical alternative for the Fund.

Systematic Withdrawal Plans

A SWP is available for the convenience of investors. Withdrawals will be made from the units held under this plan in accordance with instructions given by the planholder. No redemption fee will be charged. Planholders should note that if the planholder directs that withdrawals be made that are in excess of dividends, distributions, other income and net capital appreciation, such withdrawals may require the redemption of units which will be a disposition for tax purposes and may cause a unitholder to realize a capital gain or loss, and will result in an encroachment upon or possible exhaustion of the planholder's original capital. See "*Income Tax Considerations – Taxation of Individual Unitholders Resident in Canada*".

MANAGEMENT AND ADMINISTRATION OF THE FUNDS

The Manager and Trustee

Educators Financial Group, a wholly owned subsidiary of O.S.S.T.F., is the manager, trustee, promoter and principal distributor of each Fund. The Manager is responsible for providing the administrative services required by the Funds under the Combined Amended and Restated Declaration of Trust.

Directors and Executive Officers of the Manager

The names, municipalities of residence, and principal occupation during the last five years of the directors and executive officers of Educators Financial Group and the positions and offices held with it are as follows:

<u>Name and Municipality of Residence</u>	<u>Position with the Manager</u>	<u>Principal Occupation</u>
James Spray Whitby, Ontario	Director	Chief Financial Officer/Associate General Secretary, Operational Services, O.S.S.T.F.
Andrew Poprawa Mississauga, Ontario	Chair and Director	Retired; formerly, Chief Executive Officer, Deposit Insurance Corporation of Ontario
Rhonda Kimberley-Young Scarborough, Ontario	Director	Secretary-Treasurer, Ontario Teachers Federation
Janet Dalicandro Toronto, Ontario	Director	President and Co-founder, Enrichment Enterprises Inc.

<u>Name and Municipality of Residence</u>	<u>Position with the Manager</u>	<u>Principal Occupation</u>
Pierre Côté Toronto, Ontario	Director	General Secretary, O.S.S.T.F.
John McDonald Newmarket, Ontario	Director	President, McDonald Investment Management Inc.
Charles Hamilton Ottawa, Ontario	Chief Executive Officer	Chief Executive Officer, Educators Financial Group
Stuart Mulcahy Toronto, Ontario	Chief Financial Officer	Chief Financial Officer, Educators Financial Group.
Mike Gavin Mississauga, Ontario	Chief Compliance Officer	Chief Compliance Officer, Educators Financial Group

The Funds have no officers or directors. The Funds have not paid, and are not obligated to pay, any remuneration to the directors and officers of the Manager.

Portfolio Adviser

The portfolio adviser for the Funds is HSBC Global Asset Management (Canada) Limited (“HSBC”). HSBC has been retained in respect of the Funds by an agreement dated as of January 2, 2018 (the “Advisory Agreement”). The Advisory Agreement with HSBC may be terminated by either party on 30 days prior notice, and is subject to earlier termination upon the occurrence of certain events of bankruptcy or default or regulatory enforcement proceedings. The Advisory Agreement includes customary provisions for agreements of this nature including a right of HSBC to appoint sub-advisers, compliance by HSBC with applicable laws and the required statutory standard of care, exculpatory provisions, cross-indemnities, maintenance of books and records, and confidentiality provisions.

The name, title and business experience of the persons who are principally responsible for the day-to-day management of the Funds’ portfolio assets are as follows:

<u>Fund</u>	<u>Name of Person Responsible for the Fund</u>	<u>Title and Length of Service with the Portfolio Adviser</u>	<u>Business Experience in the Last Five Years</u>
Aggressive Portfolio	Jim Huggan	Chief Investment Officer, HSBC Global Asset Management (Canada) Ltd. 18 years	Chief Investment Officer, HSBC Global Asset Management (Canada) Ltd.

<u>Fund</u>	<u>Name of Person Responsible for the Fund</u>	<u>Title and Length of Service with the Portfolio Adviser</u>	<u>Business Experience in the Last Five Years</u>
Balanced Portfolio	Jim Huggan	Chief Investment Officer, HSBC Global Asset Management (Canada) Ltd. 18 years	Chief Investment Officer, HSBC Global Asset Management (Canada) Ltd.
Conservative Portfolio	Jim Huggan	Chief Investment Officer, HSBC Global Asset Management (Canada) Ltd. 18 years	Chief Investment Officer, HSBC Global Asset Management (Canada) Ltd.
Growth Portfolio	Jim Huggan	Chief Investment Officer, HSBC Global Asset Management (Canada) Ltd. 18 years	Chief Investment Officer, HSBC Global Asset Management (Canada) Ltd.

Brokerage Arrangements

Brokerage arrangements are not applicable for the Funds as they invest primarily or exclusively in shares or units underlying funds.

Fund Governance

The Manager is responsible for fund governance. The Manager is a member of the Mutual Fund Dealers Association of Canada and is therefore subject to its rules, by-laws and policies covering such matters as business practices and conflicts of interest, and it has developed policies to reflect those and other applicable legislative requirements. There are no other written policies or guidelines relating to business practices, sales practices, risk management or internal conflicts of interest. The Manager is not affiliated with the Funds' portfolio advisers, custodian or other service providers; the Manager believes this significantly lessens the conflicts of interest to which it is subject.

HSBC is responsible for voting (or deciding to refrain from voting) all shares or other voting securities of the Fund in accordance with its best judgement in this regard. HSBC has adopted policies and guidelines (the "Proxy Voting Policy") with respect to the voting of the Fund's proxies. HSBC's Proxy Voting Policy sets out the voting procedures to be followed in voting on routine and non-routine matters, and contains guidelines to ensure that when real or perceived conflicts of interest arise between HSBC's interests and the interests of its clients, those issues are properly addressed and resolved.

HSBC has retained Institutional Shareholder Services ("ISS"), a leading, independent firm with expertise in global proxy voting and corporate governance issues, to provide in-depth research and analysis on all proxies for which HSBC has authority to vote, and to administer the proxy voting process. HSBC has adopted HSBC Global Asset Management Global Voting Guidelines and Policies (the "HSBC Voting Guidelines"). HSBC will generally vote the Fund's proxies in accordance with the HSBC Voting Guidelines; however, there may be circumstances where HSBC believe that it is in the best interests of the

Fund to vote differently than the manner contemplated by the guidelines, as further discussed below. The ultimate decision as to the manner in which the Fund's proxies will be voted rests with HSBC. HSBC may amend the Proxy Voting Policy or guidelines at any time and without notice.

HSBC's Investment Governance Committee has appointed a Proxy Voting Committee to administer the Proxy Voting Policy. HSBC's Proxy Voting Committee meets at least once a year to review the Proxy Voting Policy and its administration, and as otherwise needed to resolve any proxy voting issues that may arise. In accordance with the Proxy Voting Policy, in those circumstances where the primary investment advisor determines that it may be appropriate to vote contrary to ISS's recommendations, the Proxy Voting Committee will review the matter and make the final decision regarding how the proxy will be voted. In making its decision, the Proxy Voting Committee may consider information from ISS, internal research staff, the management of the subject company, and shareholder groups. If a conflict of interest is determined to exist, the Proxy Voting Committee will direct that the proxy issue must be voted with ISS's recommendation.

In the event ISS is unable to make a recommendation on a proxy vote and where no conflict of interest is determined to exist, the Proxy Voting Committee will make the determination on the matter. In circumstances where a conflict of interest is determined to exist, the Proxy Voting Committee will refer the decision to HSBC's senior management and, if deemed necessary, an independent consultant or outside counsel to resolve the material conflict of interest and ensure that the proxy is voted in the best interests of the Fund.

Educators Financial Group will, with the assistance of HSBC, maintain a proxy voting record for each Fund which includes details of the issuers and securities in respect of which the Funds have the right to vote, as well as details regarding the types of meetings and the matters to be voted on at those meetings. This proxy voting record will also specify whether, and if so how, the Funds' securities were voted on such matters. Each Fund prepares a proxy voting record for the twelve month period ending on June 30 no later than August 31 of the year. Upon request made by a Unitholder, the Fund will deliver a copy of its proxy voting record to such Unitholder without charge. This record will also be available on the Funds' website.

The Funds do not have any specific policies to deal with any potential conflicts of interest in respect of the voting of their portfolio securities by HSBC. HSBC, both under the terms of their contractual arrangements with a Fund and under applicable securities laws, are required to deal fairly, honestly and in good faith with the Funds, and is therefore required to put the Funds' interests ahead of its own in exercising voting powers and responsibilities on behalf of the Funds.

Use of Derivatives by the Funds

The Funds may use derivatives solely for the purpose of hedging any foreign currency exposure they may have from time to time, in the discretion of HSBC.

Independent Review Committee

The Independent Review Committee ("IRC"), is responsible for reviewing, and if desirable providing input on, the Funds' written policies and procedures on conflicts of interest involving the Funds and the Manager. The IRC also reviews conflicts of interest matters referred to it by the Manager and provides a recommendation or decision to the Manager with respect to such conflicts. The current members of the

IRC are David Taylor, Michele D. McCarthy and William Woods. Each member of the IRC is independent as that term is defined under National Instrument 81-107 Independent Review Committee for Investment Funds. The Funds do not have any directors, or a board of governors or advisory board other than the IRC.

<u>Name and Municipality of Residence</u>	<u>Position with IRC</u>	<u>Principal Occupation</u>
David Taylor Toronto, Ontario	Member	Corporate Director and a retired partner of KPMG LLP
Michele D. McCarthy Toronto, Ontario	Chair	President, McCarthy Law Professional Corp.
William Woods Toronto, Ontario	Member	Chairman and Chief Executive Officer , WWWoods & Co. Limited

Remuneration of the IRC

Members of the IRC receive compensation payable on a semi-annual basis, in respect of all of the Funds, in the amount of \$9,000.00 plus HST and shall be reimbursed for all expenses reasonably incurred. The Chair of the IRC receives compensation payable on a semi-annual basis, in respect of all of the Funds, in the amount of \$11,250.00 plus HST and shall be reimbursed for all expenses reasonably incurred.

PRINCIPAL HOLDERS OF SECURITIES

As at January 2, 2018, the O.S.S.T.F. was the sole unitholder of each of the Funds. The Manager is wholly-owned by the O.S.S.T.F.

Short-Term Trading

The Manager has not entered into arrangements with any person or company to permit short-term trading in the Funds and there are no formal policies and procedures in place to detect short-term trading. The Manager does, however, monitor purchases and redemptions of the Funds daily with a view, among other things, to detecting any inappropriate short-term trading.

FEES AND EXPENSES

The Funds do not have any management fee rebate or distribution programs for unitholders.

INCOME TAX CONSIDERATIONS

In the opinion of Blake, Cassels & Graydon LLP, counsel to the Funds, the following is a fair summary of the principal Canadian federal income tax considerations generally applicable to the Funds and to purchasers of units of the Funds who are, at all relevant times, individuals (other than trusts that are not governed by Registered Plans) resident in Canada, who deal at arm's length with and are not affiliated with the Funds and who hold their units as capital property, all within the meaning of the Tax Act. Generally, units will be considered to be capital property to a purchaser of units provided that such

purchaser does not hold the units in the course of carrying on a business and has not acquired them in one or more transactions considered to be an adventure in the nature of trade. Certain unitholders who might not otherwise be considered to hold their units as capital property may, in certain circumstances, be entitled to have such units and all other Canadian securities owned in the taxation year of the election or subsequently acquired by them treated as capital property by making the irrevocable election permitted by subsection 39(4) of the Tax Act.

This summary does not apply to an investor who has entered or will enter into a “derivative forward agreement” as such term is defined in the Tax Act, with respect to the units.

This summary is based upon the information set out in this annual information form, a certificate of the Manager, the current provisions of the Tax Act, and counsel's understanding of the current administrative policies and assessing practices of the Canada Revenue Agency (“CRA”) made publicly available in writing prior to the date hereof. This summary takes into account specific proposals to amend the Tax Act publicly announced and made available prior to the date hereof by the Minister of Finance (Canada) (the “Proposed Amendments”) and assumes that the Proposed Amendments will be enacted as proposed. No assurances can be given that the Proposed Amendments will be enacted in the form currently proposed, or at all. Otherwise, this summary does not take into account or anticipate any changes in law or administrative policy or assessing practice, whether by legislative, governmental or judicial action or decision.

This summary is based on the assumptions that none of the issuers of the securities held in the portfolios of the Funds will be a foreign affiliate of any of the Funds or of any unitholder and that none of the securities held in the portfolio of any of the Funds will be a tax shelter investment. Further, this summary assumes that none of the securities held in any of the portfolios of the Funds will be (i) a share of, an interest in, or a debt of a non-resident entity, an interest in or a right or option to acquire such a share, interest or debt or an interest in a partnership which holds such a share, interest or debt that would cause the Fund (or partnership) to include any significant amounts in income under section 94.1 of the Tax Act, (ii) securities of a non-resident trust other than an “exempt foreign trust” as defined in subsection 94(1) of the Tax Act, or (iii) an interest in a trust that would require the Fund to report income in connection with such interest pursuant to the rules in section 94.2 of the Tax Act.

This summary is also based on the assumption that none of the Funds will at any time be a “SIFT trust” as defined in the rules in the Tax Act relating to the tax for SIFT trusts and SIFT partnerships (the “SIFT Rules”). One of the conditions for a trust to be a SIFT trust is that investments in the trust must be listed or traded on a stock exchange or other public market, which includes a trading system or other organized facility on which securities that are qualified for public distribution are listed or traded, but does not include a facility that is operated solely to carry out the issuance of a security or its redemption, acquisition or cancellation by the issuer. The Manager has advised counsel that the units of the Funds will not be listed or traded on a stock exchange and it is not expected that the units will trade on any other trading system or organized facility. On this basis, the Funds should not be SIFT trusts.

This summary is of a general nature only and does not take into account the tax laws of any province or territory of Canada or of any jurisdiction outside Canada. In particular, this summary does not address the deductibility of interest on any funds borrowed by a unitholder to purchase units of a Fund. It is not intended to be, nor should it be construed to be, legal or tax advice to any particular investor. Investors are urged to consult with their own tax advisers for advice regarding the income tax consequences of investing in units with respect to their particular circumstances.

Status of the Funds

The Manager has advised counsel that each Fund is a “unit trust” and that it is anticipated that each Fund will also qualify, or will be deemed to qualify, at all relevant times as a “mutual fund trust” within the meaning of the Tax Act.

For a Fund to qualify as a “mutual fund trust”, it must comply on a continuous basis with certain requirements relating to the qualification of its Units for distribution to the public, the number of its Unitholders and the dispersal of ownership of a particular class of its Units. In addition, a Fund may not reasonably at any time be considered to be established or maintained primarily for the benefit of non-resident persons unless, at that time, substantially all of its property consists of property other than “taxable Canadian property” (if the definition of such term in the Tax Act were read without reference to paragraph (b) thereof).

Each of the Funds is expected to meet the requirements to qualify as a “mutual fund trust” for the purposes of the Tax Act before the 91st day after the end of its first taxation year (determined without regard to any taxation year-end that may be deemed to occur for other purposes under the rules in the Tax Act relating to “loss restriction events”). Assuming the Funds meet these requirements before such day, each Fund will file an election to qualify as a mutual fund trust from its inception in January 2018.

The following discussion is based on the assumption that each Fund will qualify or be deemed to qualify as a mutual fund trust at all relevant times. If a Fund were to fail to qualify as a mutual fund trust, the tax considerations may, in some respects, be materially different from those described below.

Taxation of the Funds

Each Fund will be subject to tax under Part I of the Tax Act on the amount of its income for each taxation year, including net realized taxable capital gains. However, the Tax Act provides that a trust, in computing its income for a year, may deduct such part of its income for the taxation year as became payable in the year to a unitholder. The Manager has advised counsel that the net income and net realized capital gains of each Fund for each taxation year will be payable to such Fund’s unitholders each year to the extent necessary so that there will be no tax payable by the Funds under Part I of the Tax Act (after taking into account any applicable losses or capital gains refunds of the Funds).

Each Fund will be required to include in its income for each taxation year any dividends received (or deemed to be received) by it in such year on a security in its portfolio and all interest that accrues to it to the end of the year, or becomes receivable or is received by it before the end of the year, except to the extent that such interest was included in computing its income for a preceding taxation year. Upon the actual or deemed disposition of indebtedness, a Fund will be required to include in computing its income for the year of disposition all interest that accrued on such indebtedness from the last interest payment date to the date of disposition except to the extent such interest was included in computing the Fund’s income for that or another taxation year and such income inclusion will not be included in the proceeds of disposition for purposes of computing any capital gain or loss.

To the extent a Fund holds trust units issued by a trust resident in Canada that is not at any time in the relevant taxation year a “SIFT trust” and held as capital property for purposes of the Tax Act, the Fund will be required to include in the calculation of its income for a taxation year the net income, including

net taxable capital gains, paid or payable to the Fund by such trust in the calendar year in which that taxation year ends, notwithstanding that certain of such amounts may be reinvested in additional units of the trust. Provided that appropriate designations are made by such trust, net taxable capital gains realized by the trust, foreign source income of the trust and taxable dividends from taxable Canadian corporations received by the trust that are paid or payable by the trust to the Funds will effectively retain their character in the hands of the Fund. The Fund will be required to reduce the adjusted cost base of units of such trust by any amount paid or payable by the trust to the Fund except to the extent that the amount was included in calculating the income of the Fund or was the Fund's share of the non-taxable portion of capital gains of the trust, the taxable portion of which was designated in respect of the Fund. If the adjusted cost base to the Fund of such units becomes a negative amount at any time in a taxation year of the Fund, that negative amount will be deemed to be a capital gain realized by the Fund in that taxation year and the Fund's adjusted cost base of such units will be increased by the amount of such deemed capital gain to zero.

Each issuer in a Fund's portfolio that is a "SIFT trust" (which will generally include income trusts, other than certain real estate investment trusts, the units of which are listed or traded on a stock exchange or other public market) will be subject to a special tax in respect of (i) income from business carried on in Canada, and (ii) certain income and capital gains in respect of "non-portfolio properties" (collectively, "Non-Portfolio Income"). Non-Portfolio Income that is distributed by an issuer that is a SIFT trust to its unitholders will be taxed at a rate that is equivalent to the federal general corporate tax rate plus a prescribed amount on account of provincial tax. Non-Portfolio Income that becomes payable by an issuer that is a SIFT trust will generally be taxed as though it were a taxable dividend from a taxable Canadian corporation and will be deemed to be an "eligible dividend" eligible for the enhanced gross-up and tax credit rules.

Upon the actual or deemed disposition of a security included in the portfolio of a Fund, the Fund will realize a capital gain (or capital loss) to the extent the proceeds of disposition net of any amounts included as interest on the disposition of the security and any reasonable costs of disposition exceed (or are less than) the adjusted cost base of such security unless the Fund were considered to be trading or dealing in securities or otherwise carrying on a business of buying and selling securities or the Fund has acquired the security in a transaction or transactions considered to be an adventure in the nature of trade. The Manager has advised counsel that each Fund has purchased, and will continue to purchase, securities in the portfolio of such Fund with the objective of receiving distributions and income thereon and will take the position that gains and losses realized on the disposition thereof are capital gains and capital losses. The Manager has also advised counsel that each Fund will make an election under subsection 39(4) of the Tax Act so that all securities included in the portfolio of such Fund that are "Canadian securities" (as defined in the Tax Act) will be deemed to be capital property to such Fund.

A loss realized by a Fund on a disposition of capital property will be a suspended loss for purposes of the Tax Act if the Fund, or a person affiliated with the Fund, acquires a property (a "substituted property") that is the same as or identical to the property disposed of, within 30 days before and 30 days after the disposition and the Fund, or a person affiliated with the Fund, owns the substituted property 30 days after the original disposition. If a loss is suspended, the Fund cannot deduct the loss from the Fund's capital gains until the substituted property is sold and is not reacquired by the Fund, or a person affiliated with the Fund, within 30 days before and after the sale.

Each Fund is entitled for each taxation year throughout which it is a mutual fund trust to reduce (or receive a refund in respect of) its liability, if any, for tax on its net realized capital gains by an amount

determined under the Tax Act based on the redemption of units during the year (“capital gains refund”). In certain circumstances, the capital gains refund in a particular taxation year may not completely offset the tax liability of the Fund for such taxation year which may arise upon the sale of securities in connection with a redemption of units.

Income of a Fund from foreign sources may be subject to foreign income and withholding taxes. To the extent that such foreign tax paid by a Fund exceeds 15% of the amount included in the Fund’s income from such investments, such excess may generally be deducted by the Fund in computing its net income for the purposes of the Tax Act. To the extent that such foreign tax paid does not exceed 15% of such amount and has not been deducted in computing the Fund’s income, the Fund may designate in respect of a unitholder a portion of its foreign source income which can reasonably be considered to be part of the Fund’s income distributed to such unitholder so that such income and a portion of the foreign tax paid by the Fund may be regarded as foreign source income of, and foreign tax paid by, the unitholder for the purposes of the foreign tax credit provisions of the Tax Act.

Each of the Funds is required to compute its income, the cost and proceeds of disposition of portfolio securities, interest and all other amounts in Canadian dollars for purposes of the Tax Act in accordance with the rules in the Tax Act in that regard and may, as a consequence, realize income or capital gains by virtue of changes in the value of a foreign currency relative to the Canadian dollar. Gains or losses in respect of currency hedges entered into in respect of amounts invested in securities by a Fund will constitute capital gains and capital losses to such Fund if the securities are capital property to the Fund provided there is sufficient linkage.

The Tax Act contains rules (the “DFA Rules”) that target certain financial arrangements (described in the DFA Rules as “derivative forward agreements”) that seek to reduce tax by converting, through the use of derivative contracts, the return on an investment that would have the character of ordinary income to capital gains. The DFA Rules are broad in scope and could apply to other agreements or transactions. If the DFA Rules were to apply in respect of derivatives utilized by a Fund, gains realized in respect of the property underlying such derivatives could be treated as ordinary income rather than capital gains.

Taxation of Individual Unitholders Resident in Canada

A unitholder will generally be required to include in computing his or her income for purposes of the Tax Act the amount of any net income, including net taxable capital gains, of a Fund for each year (computed prior to the deduction of amounts payable to unitholders for the year) which is paid or payable to the unitholder in such year, whether such amount is reinvested in additional units or paid to the unitholder in cash. The Manager has advised counsel that a sufficient amount of the net income and net realized capital gains of the Funds for each taxation year will be payable to unitholders each year and distributed in the manner described under “*Distribution Policy*” in Part B of the Funds’ simplified prospectus so that there will be no tax payable by the Funds under Part I of the Tax Act (after taking into account any applicable losses or capital gains refunds). Because capital gains of the Funds are allocated only in the year that they are realized and income is distributed on a periodic basis, prospective purchasers acquiring units of a Fund may become taxable on unrealized gains and gains that have been realized or income that has been earned but not yet distributed by that Fund at the time the units were acquired, despite the fact that such income or gains are reflected in the cost of the units acquired.

In general, provided the appropriate designations are made by a Fund, unitholders will be subject to tax under the Tax Act on their allocated portion of dividends from taxable Canadian corporations, foreign

source income and taxable capital gains of a Fund for a year, in the same manner as if such designated amounts had been received directly by the unitholder. Accordingly, such amounts will generally retain their character and source for tax purposes including determining a unitholder's entitlement to the applicable dividend gross-up and tax credit (including the enhanced gross-up and tax credit for certain eligible dividends) and the foreign tax credit.

A trust is permitted to deduct in computing its income for purposes of the Tax Act an amount less than the amount of its distributions of income in a year to the extent necessary to utilize in the year losses from prior years without affecting the ability of the Fund to distribute its income annually. Such amount distributed but not deducted by the Fund is not required to be included in the income of unitholders. However, such amount generally reduces the adjusted cost base of the unitholder's units of the Fund. A Fund may distribute amounts in excess of the Fund's income. Such excess distributions will generally not be included in the income of a unitholder but unless such amount relates to the non-taxable portion of capital gains, the taxable portion of which has been allocated to the unitholder, will generally reduce the adjusted cost base of the unitholder's units of the Fund. To the extent that the adjusted cost base of a unit would otherwise be a negative amount, the negative amount will be deemed to be a capital gain and the adjusted cost base of the unit to the unitholder would then be nil.

Upon the disposition or deemed disposition of a unit (including a redemption, and, in particular, a redemption effected as part of a switch of units from one Fund to another or pursuant to a SWP), the unitholder will realize a capital gain (or a capital loss) to the extent that the proceeds of disposition of the unit, net of reasonable expenses of disposition, exceed (or are exceeded by) the unitholder's adjusted cost base of the unit as determined for the purposes of the Tax Act. For the purpose of determining the adjusted cost base of a unit to a unitholder, when the unit is acquired, the cost of the newly acquired unit will be averaged with the adjusted cost base of all units of the same class of the same Fund owned by the unitholder as capital property immediately before that time. One-half of any capital gains realized will be included in computing the income of an individual as taxable capital gains and one-half of any capital loss ("allowable capital loss") sustained must be deducted against taxable capital gains for the year. Allowable capital losses for a taxation year in excess of taxable capital gains may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against taxable capital gains in accordance with the provisions of the Tax Act.

Individual unitholders are generally subject to an alternative minimum tax. In general terms, net income of a Fund paid or payable to a unitholder will not increase the unitholder's liability under the Tax Act for alternative minimum tax. However, amounts designated as, or deemed to be, net realized capital gains or taxable dividends from taxable Canadian corporations paid or payable to a unitholder by the Fund or taxable capital gains realized on the disposition of units by the unitholder may increase the unitholder's liability, if any, for alternative minimum tax under the Tax Act.

Units held by Registered Plans

The Manager has advised counsel that each Fund is expected to qualify or be deemed to qualify as a "mutual fund trust" under the Tax Act at all relevant times. Accordingly, units of each Fund are qualified investments for Registered Plans, so long as each Fund so qualifies or is deemed to qualify as a mutual fund trust.

The units of a Fund will not be a "prohibited investment" for trusts governed by a tax-free savings account, registered retirement savings plan, registered retirement income fund or registered education

savings plan unless the holder of the tax-free savings account, the annuitant under the registered retirement savings plan or registered retirement income fund or the subscriber of the registered education savings plan, as applicable, does not deal at arm's length with such Fund for purposes of the Tax Act or has a "significant interest" as defined in the Tax Act in such Fund. Generally, a holder, annuitant or subscriber, as the case may be, will not have a significant interest in a Fund unless the holder, annuitant or subscriber, as the case may be, owns interests as a beneficiary under such Fund that have a fair market value of 10% or more of the fair market value of the interests of all beneficiaries under the Fund, either alone or together with persons and partnerships with which the holder, annuitant or subscriber, as the case may be, does not deal at arm's length. In addition, the units of a Fund will not be a prohibited investment if such units are "excluded property" as defined in the Tax Act for trusts governed by a tax free savings account, registered retirement savings plan, registered retirement income fund or registered education savings plan.

Holders, annuitants and subscribers should consult their own tax advisors with respect to whether units of a Fund would be prohibited investments, including with respect to whether such units would be excluded property.

The proceeds of redemption of units of the Funds and the amount of income including net realized taxable capital gains distributed by the Funds to Registered Plans are generally not taxable under Part I of the Tax Act while retained by such Registered Plans. Investors are urged to consult their own tax advisers regarding the implications of establishing, amending, terminating or withdrawing amounts from a Registered Plan.

Investors are responsible for complying with the relevant income tax legislation in acquiring or holding units of a Fund through a Registered Plan, and the Funds and Manager assume no liability to such persons as a result of the units being made available for investment.

CUSTODIAN OF PORTFOLIO SECURITIES

RBC is the custodian of the Funds' cash and Canadian securities (in such capacity, the "Custodian") pursuant to an Amended and Restated Custodian Agreement dated July 1, 2011, as amended, and applicable to the Funds from their inception. Such securities are held at 155 Wellington Street West, Toronto, Ontario M5V 3L3.

The securities held by the Custodian shall be surrendered only on the written order of the two authorized officers of a portfolio adviser or the Manager, and the Custodian may act in all matters on instruction given by or on behalf of a Fund by any two authorized officers of a portfolio adviser or the Manager. For its services, the Custodian's normal fees and charges prevailing from time to time are paid by the Manager.

MATERIAL CONTRACTS

The material contracts of the Funds are the Amended and Restated Combined Declaration of Trust for the Funds, the Advisory Agreement, and the Amended and Restated Custodian Agreement, as amended. These documents may be inspected during ordinary business hours at the office of the Manager at 2225 Sheppard Ave. East, Suite 1105, Toronto, Ontario M2J 5C2 and are also available at www.sedar.com.

ADDITIONAL INFORMATION

Because many attributes of the Funds, and the units of the Funds, are identical, units of the Funds are being offered under one combined simplified prospectus which is to be filed with Canadian securities administrators, together with this combined annual information form. No Fund assumes responsibility for disclosure relating to any other Fund contained herein or in the simplified prospectus, however, or for any misrepresentation relating to any other Fund.

Educators Financial Group maintains current security standards to ensure that personal and financial information is protected against unauthorized access, disclosure, inappropriate alteration or misuse. All safety and security measures are appropriate to the sensitivity of the information. Some service providers may be located in the United States, and to the extent personal information is located outside of Canada, it will be subject to any legal requirements in the U.S. applicable to these service providers. For example, there could be lawful requirements imposed on such U.S. service providers to disclose personal information to various U.S. government authorities.

CERTIFICATE OF THE FUNDS, THE MANAGER AND PROMOTER

Dated the 4th day of January, 2018

This annual information form, together with the simplified prospectus and the documents incorporated by reference into the simplified prospectus, constitute full, true and plain disclosure of all material facts relating to the securities offered by the simplified prospectus, as required by the securities legislation of Ontario and British Columbia and do not contain any misrepresentations.
